I try to be very active in many areas within Antioch and enjoy assisting fellow nobles any time I can be of help.

My goal is not only to bring new members to Antioch but to maintain the momentum that has been established over the past few years. To see Antioch continue to make our Shrine Center a place for family gatherings, Fun and great social activities.

One of my main goals is to continue to look at ways to help the financial health of Antioch. We must find ways to be more productive with income.

Finally, there is an acronym I truly believe in and will promote to the best of my ability.
